

## GO DEVILS GO DEVILS

I had a dream since I was a child  
Looked up to my heroes on ice  
Blades of steel fast as the light  
Ready for another fight  
On the wings of fantasy  
My dream turned into reality  
Now I'm back in yellow and black  
Hockey from hell, (I'm) ready to play

Go Devils go Devils fight with me  
One more goal for the victory  
Go Devils go Devils fight with me  
One more goal for the victory  
Shoot shoot shoot shoot, shoot at goal  
Like greased lightning, we want more  
Shoot shoot shoot shoot shoot at goal  
The goalie let a little hole

I feel the tension, I hear the crowd  
The challenge and the game  
We are one team, we're ready to win  
Melting the ice tonight  
A fire's burning in my heart  
Cause I'm back in yellow and black  
Get your stick (and) give it a try  
Play with me, play hockey on ice

Go Devils go Devils fight with me  
One more goal for the victory  
Go Devils go Devils fight with me  
One more goal for the victory  
Shoot shoot shoot shoot, shoot at goal  
Like greased lightning, we want more  
Shoot shoot shoot shoot shoot at goal  
The goalie let a little hole
